HMCN-XXVI Contest Classes

Diecast, Resin, White Metal & Plastic models are allowed in ALL classes, without exception.

JUNIOR OPEN CLASS (Russ Johnson Award)

For ages sixteen and younger. Open to any style of motor vehicle of any scale. All work on the model must be done by the entrant.

ADULT / CHILD (Russ Johnson Award)

A joint project between an adult and a child age twelve or under. The child must be responsible for at least half of the finishing and construction work. Open to any style of motor vehicle of any scale.

ADULT CLASSES:

For ages seventeen through infinity. Entrants from younger age groups may compete in the adult classes, if they desire. **All work must be done by the entrant. All classes are for 1/24-25th scale models, unless otherwise noted.**

1. Out of Box...Built from kit parts only. No parts swapping or aftermarket allowed. Paint, foil, decals & flocking are allowed. Filler may be used to correct "sink marks" or other manufacturing flaws. **Kit instructions must be displayed with entry.**

2. Modified Out of Box...Built to follow Out of Box rules; however, parts from any other kit may be used if unmodified and documented. No aftermarket parts allowed. **The base kit's instruction sheet and a list of swapped parts must be displayed with entry.**

3. Showroom Stock...Documented factory produced vehicles as they were when new. Paint, upholstery, body trim, & all other details must replicate stock items. Factory available options are OK. **Documentation, such as dealer brochures, magazine articles, etc. (copies are OK) must be displayed with entry.**

4. Street Rod...Production vehicles 1948 and earlier that display a stock or nearly stock production body with modified or enhanced engine, chassis, and interior, **OR** newer non-production vehicles built in the street rod style, in the manner of Foose, Coddington, Brizio, et al. Billet & IFS allowed.

5. Nostalgia Rod...Vehicles 1948 and earlier which display a stock or nearly stock production body with modified or enhanced engine, chassis and interior in the manner of traditionally home-built hot rods. No billet, no IFS.

6. Street Machine...Vehicles from 1949 and later which display a stock or nearly stock production body with modified or enhanced engine, chassis, and interior features.

7. Mild Custom...Vehicle from any era exhibiting minor changes. Examples—frenched headlights, trim removal, rolled pans, different taillights or bumpers, bolt-on fender skirts, etc. No major changes as listed in Radical Custom.

8. Radical Custom...Vehicles from any era exhibiting major changes. Examples—chopped tops, sectioning, shortening, stretching, channeling, molded-in fins, or reshaping/replacing major body panels.

9. Lowrider...Vehicles with paint, interiors, chassis, etc. which replicate the lowrider style. Static models only. No working dance/hop models.

10. Tuner...Any American or Foreign vehicle with 4- or 6-cylinder motor built to replicate the latest "Tuner" style.

11. Pro Drag...1980 and later straight-line acceleration competition vehicles equipped with open, lift-off or flip-top bodies or quarter panels. Includes dragsters, funny cars, pro stock, pro mod, exhibition cars, etc.

12. Nostalgia Drag...Drag vehicles using pre-1980 body design and design, although with possibly newer safety equipment. Includes front engine dragsters, gassers, altered wheelbase cars, funny cars, roadsters, etc.

13. Utility Vehicle...Any all-terrain vehicle, Sport utility vehicle, Pickup, 4-wheel drive, Jeep, Van or Sedan Delivery without commercial markings.

14. Light Commercial...Service vehicles such as delivery, police, fire & rescue, etc. with 1 ton or less capacity. **Shall** have appropriate markings.

15. Heavy Commercial...Service vehicles such as trucking, construction, fire & rescue, etc. with over 1 ton capacity. Should have appropriate markings.

16. Small Scale...1/100 to 1/32. No restrictions on type of motor vehicle.

17. Intermediate Scale...1/20 to 1/12. No restrictions on type of motor vehicle.

18. Large Scale...Larger than 1/12. No restrictions on type of motor vehicle.

19. Pro Street...Competition inspired but street legal vehicles modeled in the pro street style.

20. Curbside...Model which does not employ an opening hood, doors, or trunk, and is not meant to display engine or chassis detail. Judged as if parked without access to the underside. Any vehicle.

21. Slammer...Model which does not employ an opening hood, doors, or trunk, and the interior is fully enclosed by a top and blacked-out windows. Judged for visual impact only. Any vehicle.

22. Diorama (Monica Cozine Award)...A scene or display that depicts a specific moment in time or tells a story. Any operational elements needing electricity must be powered by batteries located within or near the entry. For dioramas over 2 ft. in dimension, make arrangements with the contest organizers.

23. Motorcycle...2- or 3-wheeled vehicles **ANY SCALE.**

24. Open Wheel Racing...ANY open-wheeled racing car, including land speed cars – except drag racing. **ANY SCALE.**

25. Closed Fender Racing...ANY closed fender racing car, including land speed cars and NASCAR – except drag racing. **ANY SCALE.**

26. Miscellaneous...Any non-military vehicle that somehow does not fit into any other class. **ANY SCALE.**

27. Works in Progress...Any type/scale of model in progress that isn't more than 75% complete.

28. Military (automotive related)...any non-track, automotive-style vehicle used by any military force from any nation. **ANY SCALE.**

Best of the Rest	Titus Brothers Concept Design	

HEARTLAND NATIONALS CHAMPION

(Clyde Young Award)

CONTEST RULES & TIPS

All contest models must be the product of the entrant's own craftsmanship. Judges cannot be expected to be familiar with every kit or vehicle produced. Any information you can share about the finer aspects of your model will insure those things are not overlooked. The best thing you can do is print a listing of what you did to the model & how you did it. List kits, parts used, techniques, modifications, and noteworthy details. This applies to all classes. A 4x6 note card is good, or use the space on the registration slip.

Models may be picked up by the judges for closer inspection. If your model needs special handling, note it on the entry form and contact an event Judge.

There will be no class "sweeps," which means that no one person can take 1st, 2nd, and 3rd places in any one class. Also, no repeat 1st place winning models from previous Heartland Shows.

Our theme of "NASCAR" celebrates 69 years of great American Racing. ANY vehicle meeting our class requirements and is a NASCAR car is eligible for our 2017 Theme.

NO ARCA, NO MAKE BELIEVE, JUST NASCAR!
